

MENTAL HEALTH SERVICES ACT
As of September 2016

SECTION 1. Title

This Act shall be known and may be cited as the “Mental Health Services Act.”

SECTION 2. Findings and Declarations

The people of the State of California hereby find and declare all of the following:

- (a) Mental illnesses are extremely common; they affect almost every family in California. They affect people from every background and occur at any age. In any year, between 5% and 7% of adults have a serious mental illness as do a similar percentage of children — between 5% and 9%. Therefore, more than two million children, adults and seniors in California are affected by a potentially disabling mental illness every year. People who become disabled by mental illness deserve the same guarantee of care already extended to those who face other kinds of disabilities.
- (b) Failure to provide timely treatment can destroy individuals and families. No parent should have to give up custody of a child and no adult or senior should have to become disabled or homeless to get mental health services as too often happens now. No individual or family should have to suffer inadequate or insufficient treatment due to language or cultural barriers to care. Lives can be devastated and families can be financially ruined by the costs of care. Yet, for too many Californians with mental illness, the mental health services and supports they need remain fragmented, disconnected and often inadequate, frustrating the opportunity for recovery.
- (c) Untreated mental illness is the leading cause of disability and suicide and imposes high costs on state and local government. Many people left untreated or with insufficient care see their mental illness worsen. Children left untreated often become unable to learn or participate in a normal school environment. Adults lose their ability to work and be independent; many become homeless and are subject to frequent hospitalizations or jail. State and county governments are forced to pay billions of dollars each year in emergency medical care, long-term nursing home care, unemployment, housing, and law enforcement, including juvenile justice, jail and prison costs.
- (d) In a cost cutting move 30 years ago, California drastically cut back its services in state hospitals for people with severe mental illness. Thousands ended up on the streets homeless and incapable of caring for themselves. Today thousands of suffering people remain on our streets because they are afflicted with untreated severe mental illness. We can and should offer these people the care they need to lead more productive lives.
- (e) With effective treatment and support, recovery from mental illness is feasible for most people. The State of California has developed effective models of providing services to children, adults and seniors with serious mental illness. A recent innovative approach, begun under Assembly Bill 34 in 1999, was recognized in 2003 as a model program by the President’s Commission on Mental Health. This program combines prevention services with a full range of integrated services to treat the whole person, with the goal of self-sufficiency for those who may have otherwise faced homelessness or dependence on the state for years to come. Other innovations address services to other underserved populations such as traumatized youth and isolated seniors. These successful programs, including prevention, emphasize client-centered, family focused and community-based services that are culturally and linguistically competent and are provided in an integrated services system.

- (f) By expanding programs that have demonstrated their effectiveness, California can save lives and money. Early diagnosis and adequate treatment provided in an integrated service system is very effective; and by preventing disability, it also saves money. Cutting mental health services wastes lives and costs more. California can do a better job saving lives and saving money by making a firm commitment to providing timely, adequate mental health services.
- (g) To provide an equitable way to fund these expanded services while protecting other vital state services from being cut, very high-income individuals should pay an additional one percent of that portion of their annual income that exceeds one million dollars (\$1,000,000). About 1/10 of one percent of Californians have incomes in excess of one million dollars (\$1,000,000). They have an average pre-tax income of nearly five million dollars (\$5,000,000). The additional tax paid pursuant to this represents only a small fraction of the amount of tax reduction they are realizing through recent changes in the federal income tax law and only a small portion of what they save on property taxes by living in California as compared to the property taxes they would be paying on multi-million dollar homes in other states.

SECTION 3. Purpose and Intent.

The people of the State of California hereby declare their purpose and intent in enacting this act to be as follows:

- (a) To define serious mental illness among children, adults and seniors as a condition deserving priority attention, including prevention and early intervention services and medical and supportive care.
- (b) To reduce the long-term adverse impact on individuals, families and state and local budgets resulting from untreated serious mental illness.
- (c) To expand the kinds of successful, innovative service programs for children, adults and seniors begun in California, including culturally and linguistically competent approaches for underserved populations. These programs have already demonstrated their effectiveness in providing outreach and integrated services, including medically necessary psychiatric services, and other services, to individuals most severely affected by or at risk of serious mental illness.
- (d) To provide state and local funds to adequately meet the needs of all children and adults who can be identified and enrolled in programs under this measure. State funds shall be available to provide services that are not already covered by federally sponsored programs or by individuals' or families' insurance programs.
- (e) To ensure that all funds are expended in the most cost effective manner and services are provided in accordance with recommended best practices subject to local and state oversight to ensure accountability to taxpayers and to the public.

SECTION 14. Section 19602.5 is added to the Revenue and Taxation Code to read:

- 19602.5 (a) There is in the State Treasury the Mental Health Services Fund (MHS Fund). The estimated revenue from the additional tax imposed under Section 17043 for the applicable fiscal year, as determined under subparagraph (B) of paragraph (3) of subdivision (c), shall be deposited to the MHS Fund on a monthly basis, subject to an annual adjustment as described in this section.
- (b) (1) Beginning with fiscal year 2004-2005 and for each fiscal year thereafter, the Controller shall deposit on a monthly basis in the MHS Fund an amount equal to the applicable percentage of net personal income tax receipts as defined in paragraph (4).

- (2) (A) Except as provided in subparagraph (B), the applicable percentage referred to in paragraph (1) shall be 1.76 percent.
- (B) For fiscal year 2004-2005, the applicable percentage shall be 0.70 percent. (3) Beginning with fiscal year 2006-2007, monthly deposits to the MHS Fund pursuant to this subdivision are subject to suspension pursuant to subdivision (f).

- (c) No later than March 1, 2006, and each March 1 thereafter, the Department of Finance, in consultation with the Franchise Tax Board, shall determine the annual adjustment amount for the following fiscal year.
- (1) The “annual adjustment amount” for any fiscal year shall be an amount equal to the amount determined by subtracting the “revenue adjustment amount” for the applicable revenue adjustment fiscal year, as determined by the Franchise Tax Board under paragraph (3), from the “tax liability adjustment amount” for applicable tax liability adjustment tax year, as determined by the Franchise Tax Board under paragraph (2).
- (2) (A) (i) The “tax liability adjustment amount” for a tax year is equal to the amount determined by subtracting the estimated tax liability increase from the additional tax imposed under Section 17043 for the applicable year under subparagraph (B) from the amount of the actual tax liability increase from the additional tax imposed under Section 17043 for the applicable tax year, based on the returns filed for that tax year.
- (ii) For purposes of the determinations required under this paragraph, actual tax liability increase from the additional tax means the increase in tax liability resulting from the tax of 1% imposed under Section 17043, as reflected on the original returns filed by October 15 of the year after the close of the applicable tax year.
- (iii) The applicable tax year referred to in this paragraph means the 12-calendar month taxable year beginning on January 1 of the year that is two years before the beginning of the fiscal year for which an annual adjustment amount is calculated.

2005	\$ 634 million
2006	\$ 672 million
2007	\$ 713 million
2008	\$ 758 million

- (ii) The “estimated tax liability increase from the additional tax” for the tax year beginning in 2009 and each tax year thereafter shall be determined by applying an annual growth rate of 7 percent to the “estimated tax liability increase from additional tax” of the immediately preceding tax year.

- (3) (A) The “revenue adjustment amount” is equal to the amount determined by subtracting the “estimated revenue from the additional tax” for the applicable fiscal year, as determined under subparagraph (B), from the actual amount transferred for the applicable fiscal year.
- (B) (i) The “estimated revenue from the additional tax” for the following applicable fiscal years is:

<u>Applicable Fiscal Year</u>	<u>Estimated Revenue from Additional Tax</u>
2004-05	\$ 254 million
2005-06	\$ 683 million
2006-07	\$ 690 million
2007-08	\$ 733 million

- (ii) The “estimated revenue from the additional tax” for applicable fiscal year 2007-08 and each applicable fiscal year thereafter shall be determined by applying an annual growth rate of 7 percent to the “estimated revenue from the additional tax” of the immediately preceding applicable fiscal year.
- (iii) The applicable fiscal year referred to in this paragraph means the fiscal year that is two years before the fiscal year for which an annual adjustment amount is calculated.
- (d) The Department of Finance shall notify the Legislature and the Controller of the results of the determinations required under subdivision (c) no later than 10 business days after the determinations are final.
- (e) If the annual adjustment amount for a fiscal year is a positive number, the Controller shall transfer that amount from the General Fund to the MHS Fund on July 1 of that fiscal year.
- (f) If the annual adjustment amount for a fiscal year is a negative number, the Controller shall suspend monthly transfers to the MHS Fund for that fiscal year, as otherwise required by paragraph (1) of subdivision (b), until the total amount of suspended deposits for that fiscal year equals the amount of the negative annual adjustment amount for that fiscal year.

SECTION 15. Part 4.5 (commencing with Section 5890) is added to Division 5 of the Welfare and Institutions Code, to read:

PART 4.5. MENTAL HEALTH SERVICES FUND

5890. (a) The Mental Health Services Fund is hereby created in the State Treasury. The fund shall be administered by the state. Notwithstanding Section 13340 of the Government Code, all moneys in the fund are, except as provided in subdivision (d) of Section 5892, continuously appropriated, without regard to fiscal years, for the purpose of funding the following programs and other related activities as designated by other provisions of this division:
- (1) Part 3 (commencing with Section 5800), the Adult and Older Adult System of Care Act.
 - (2) Part 3.2 (commencing with Section 5830), Innovative Programs.
 - (3) Part 3.6 (commencing with Section 5840), Prevention and Early Intervention Programs.

- (4) Part 4 (commencing with Section 5850), the Children's Mental Health Services Act.
- (b) Nothing in the establishment of this fund, nor any other provisions of the act establishing it or the programs funded shall be construed to modify the obligation of health care service plans and disability insurance policies to provide coverage for mental health services, including those services required under Section 1374.72 of the Health and Safety Code and Section 10144.5 of the Insurance Code, related to mental health parity. Nothing in this act shall be construed to modify the oversight duties of the Department of Managed Health Care or the duties of the Department of Insurance with respect to enforcing these obligations of plans and insurance policies.
- (c) Nothing in this act shall be construed to modify or reduce the existing authority or responsibility of the State Department of Health Care Services.
- (d) The State Department of Health Care Services shall seek approval of all applicable federal Medicaid approvals to maximize the availability of federal funds and eligibility of participating children, adults, and seniors for medically necessary care.
- (e) Share of costs for services pursuant to Part 3 (commencing with Section 5800), and Part 4 (commencing with Section 5850) of this division, shall be determined in accordance with the Uniform Method for Determining Ability to Pay applicable to other publicly funded mental health services, unless this Uniform Method is replaced by another method of determining co-payments, in which case the new method applicable to other mental health services shall be applicable to services pursuant to Part 3 (commencing with Section 5800), and Part 4 (commencing with Section 5850) of this division.
5891. (a) The funding established pursuant to this act shall be utilized to expand mental health services. Except as provided in subdivision (j) of Section 5892 due to the state's fiscal crisis, these funds shall not be used to supplant existing state or county funds utilized to provide mental health services. The state shall continue to provide financial support for mental health programs with not less than the same entitlements, amounts of allocations from the General Fund or from the Local Revenue Fund 2011 in the State Treasury, and formula distributions of dedicated funds as provided in the last fiscal year which ended prior to the effective date of this act. The state shall not make any change to the structure of financing mental health services, which increases a county's share of costs or financial risk for mental health services unless the state includes adequate funding to fully compensate for such increased costs or financial risk. These funds shall only be used to pay for the programs authorized in Section 5892. These funds may not be used to pay for any other program. These funds may not be loaned to the state General Fund or any other fund of the state, or a county general fund or any other county fund for any purpose other than those authorized by Section 5892.
- (b) Notwithstanding subdivision (a), the Controller may use the funds created pursuant to this part for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code. Any such loan shall be repaid from the General Fund with interest computed at 110 percent of the Pooled Money Investment Account rate, with interest commencing to accrue on the date the loan is made from the fund. This subdivision does not authorize any transfer that would interfere with the carrying out of the object for which these funds were created.

- (c) Commencing July 1, 2012, on or before the 15th day of each month, pursuant to a methodology provided by the State Department of Health Care Services, the Controller shall distribute to each Local Mental Health Service Fund established by counties pursuant to subdivision (f) of Section 5892, all unexpended and unreserved funds on deposit as of the last day of the prior month in the Mental Health Services Fund, established pursuant to Section 5890, for the provision of programs and other related activities set forth in Part 3 (commencing with Section 5800), Part 3.2 (commencing with Section 5830), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850).
 - (d) Counties shall base their expenditures on the county mental health program's three-year program and expenditure plan or annual update, as required by Section 5847. Nothing in this subdivision shall affect subdivision (a) or (b).
5892. (a) In order to promote efficient implementation of this act the county shall use funds distributed from the Mental Health Services Fund as follows:
- (1) In 2005-06, 2006-07, and in 2007-08 10 percent shall be placed in a trust fund to be expended for education and training programs pursuant to Part 3.1.
 - (2) In 2005-06, 2006-07 and in 2007-08 10 percent for capital facilities and technological needs distributed to counties in accordance with a formula developed in consultation with the California Mental Health Directors Association to implement plans developed pursuant to Section 5847.
 - (3) Twenty percent of funds distributed to the counties pursuant to subdivision (c) of Section 5891 shall be used for prevention and early intervention programs in accordance with Part 3.6 (commencing with Section 5840) of this division.
 - (4) The expenditure for prevention and early intervention may be increased in any county in which the department determines that the increase will decrease the need and cost for additional services to severely mentally ill persons in that county by an amount at least commensurate with the proposed increase.
 - (5) The balance of funds shall be distributed to county mental health programs for services to persons with severe mental illnesses pursuant to Part 4 (commencing with Section 5850), for the children's system of care and Part 3 (commencing with Section 5800), for the adult and older adult system of care.
 - (6) Five percent of the total funding for each county mental health program for Part 3 (commencing with Section 5800), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850) of this division, shall be utilized for innovative programs in accordance with Sections 5830, 5847, and 5848.
- (b) In any year after 2007-08, programs for services pursuant to Part 3 (commencing with Section 5800), and Part 4 (commencing with Section 5850) of this division may include funds for technological needs and capital facilities, human resource needs, and a prudent reserve to ensure services do not have to be significantly reduced in years in which revenues are below the average of previous years. The total allocation for purposes authorized by this subdivision shall not exceed 20 percent of the average amount of funds allocated to that county for the previous five years pursuant to this section.
 - (c) The allocations pursuant to subdivisions (a) and (b) shall include funding for annual planning costs pursuant to Section 5848. The total of these costs shall not exceed 5 percent of the total of annual revenues received for the fund. The

- planning costs shall include funds for county mental health programs to pay for the costs of consumers, family members, and other stakeholders to participate in the planning process and for the planning and implementation required for private provider contracts to be significantly expanded to provide additional services pursuant to Part 3 (commencing with Section 5800), and Part 4 (commencing with Section 5850) of this division.
- (d) Prior to making the allocations pursuant to subdivisions (a), (b) and (c), funds shall be reserved for the costs for the State Department of Health Care Services, the California Mental Health Planning Council, the Office of Statewide Health Planning and Development, the Mental Health Services Oversight and Accountability Commission, the State Department of Public Health, and any other state agency to implement all duties pursuant to the programs set forth in this section. These costs shall not exceed 5 percent of the total of annual revenues received for the fund. The administrative costs shall include funds to assist consumers and family members to ensure the appropriate state and county agencies give full consideration to concerns about quality, structure of service delivery, or access to services. The amounts allocated for administration shall include amounts sufficient to ensure adequate research and evaluation regarding the effectiveness of services being provided and achievement of the outcome measures set forth in Part 3 (commencing with Section 5800), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850) of this division. The amount of funds available for the purposes of this subdivision in any fiscal year shall be subject to appropriation in the annual Budget Act.
 - (e) In 2004-05 funds shall be allocated as follows:
 - (1) Forty-five percent for education and training pursuant to Part 3.1 (commencing with Section 5820) of this division.
 - (2) Forty-five percent for capital facilities and technology needs in the manner specified by paragraph (2) of subdivision (a).
 - (3) Five percent for local planning in the manner specified in subdivision (c).
 - (4) Five percent for state implementation in the manner specified in subdivision (d).
 - (f) Each county shall place all funds received from the State Mental Health Services Fund in a local Mental Health Services Fund. The Local Mental Health Services Fund balance shall be invested consistent with other county funds and the interest earned on the investments shall be transferred into the fund. The earnings on investment of these funds shall be available for distribution from the fund in future years.
 - (g) All expenditures for county mental health programs shall be consistent with a currently approved plan or update pursuant to Section 5847.
 - (h) Other than funds placed in a reserve in accordance with an approved plan, any funds allocated to a county which have not been spent for their authorized purpose within three years shall revert to the state to be deposited into the fund and available for other counties in future years, provided however, that funds for capital facilities, technological needs, or education and training may be retained for up to 10 years before reverting to the fund.
 - (i) If there are still additional revenues available in the fund after the Mental Health Services Oversight and Accountability Commission has determined there are prudent reserves and no unmet needs for any of the programs funded pursuant to this section, including all purposes of the Prevention and Early Intervention Program, the commission shall develop a plan for expenditures of these revenues to further the purposes of this act and the Legislature may appropriate these funds

for any purpose consistent with the commission's adopted plan which furthers the purposes of this act.

- (j) For the 2011-12 fiscal year, General Fund revenues will be insufficient to fully fund many existing mental health programs, including Early and Periodic Screening, Diagnosis, and Treatment (EPSDT), Medi-Cal Specialty Mental Health Managed Care, and mental health services provided for special education pupils. In order to adequately fund those programs for the 2011-12 fiscal year and avoid deeper reductions in programs that serve individuals with severe mental illness and the most vulnerable, medically needy citizens of the state, prior to distribution of funds under paragraphs (1) to (6), inclusive, of subdivision (a), effective July 1, 2011, moneys shall be allocated from the Mental Health Services Fund to the counties as follows:
- (1) Commencing July 1, 2011, one hundred eighty-three million six hundred thousand dollars (\$183,600,000) of the funds available as of July 1, 2011, in the Mental Health Services Fund, shall be allocated in a manner consistent with subdivision (c) of Section 5778 and based on a formula determined by the state in consultation with the California Mental Health Directors Association to meet the fiscal year 2011-12 General Fund obligation for Medi-Cal Specialty Mental Health Managed Care.
 - (2) Upon completion of the allocation in paragraph (1), the Controller shall distribute to counties ninety-eight million five hundred eighty-six thousand dollars (\$98,586,000) from the Mental Health Services Fund for mental health services for special education pupils based on a formula determined by the state in consultation with the California Mental Health Directors Association.
 - (3) Upon completion of the allocation in paragraph (2), the Controller shall distribute to counties 50 percent of their 2011-12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, not to exceed four hundred eighty-eight million dollars (\$488,000,000). This allocation shall commence beginning August 1, 2011.
 - (4) Upon completion of the allocation in paragraph (3), and as revenues are deposited into the Mental Health Services Fund, the Controller shall distribute five hundred seventy-nine million dollars (\$579,000,000) from the Mental Health Services Fund to counties to meet the General Fund obligation for EPSDT for fiscal year 2011-12. These revenues shall be distributed to counties on a quarterly basis and based on a formula determined by the state in consultation with the California Mental Health Directors Association. These funds shall not be subject to reconciliation or cost settlement.
 - (5) The Controller shall distribute to counties the remaining 2011-12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, beginning no later than April 30, 2012. These remaining allocations shall be made on a monthly basis.
 - (6) The total one-time allocation from the Mental Health Services Fund for EPSDT, Medi-Cal Specialty Mental Health Managed Care, and mental health services provided to special education pupils as referenced shall not exceed eight hundred sixty-two million dollars (\$862,000,000). Any revenues deposited in the Mental Health Services Fund in fiscal year 2011-12 that exceed this obligation shall be distributed to counties for remaining fiscal year 2011-12 Mental Health Services Act component allocations, consistent with Sections 5847 and 5891.
- (k) Subdivision (j) shall not be subject to repayment.

- (l) Subdivision (j) shall become inoperative on July 1, 2012.
- 5892.5. (a)(1) The California Housing Finance Agency, with the concurrence of the State Department of Health Care Services, shall release unencumbered Mental Health Services Fund moneys dedicated to the Mental Health Services Act Housing Program upon the written request of the respective county. The county shall use these Mental Health Services Fund moneys released by the agency to provide housing assistance to the target populations who are identified in Section 5600.3.
- (2) For purposes of this section, "housing assistance" means each of the following:
- (A) Rental assistance or capitalized operating subsidies.
 - (B) Security deposits, utility deposits, or other move-in cost assistance.
 - (C) Utility payments.
 - (D) Moving cost assistance.
 - (E) Capital funding to build or rehabilitate housing for homeless, mentally ill persons or mentally ill persons who are at risk of being homeless.
- (b) For purposes of administering those funds released to a respective county pursuant to subdivision (a), the county shall comply with all of the requirements described in the Mental Health Services Act, including, but not limited to, Sections 5664, 5847, subdivision (h) of Section 5892, and 5899.
5893. (a) In any year in which the funds available exceed the amount allocated to counties, such funds shall be carried forward to the next fiscal year to be available for distribution to counties in accordance with Section 5892 in that fiscal year.
- (b) All funds deposited into the Mental Health Services Fund shall be invested in the same manner in which other state funds are invested. The fund shall be increased by its share of the amount earned on investments.
5894. In the event that Part 3 (commencing with Section 5800) or Part 4 (commencing with Section 5850) of this division, are restructured by legislation signed into law before the adoption of this measure, the funding provided by this measure shall be distributed in accordance with such legislation; provided, however, that nothing herein shall be construed to reduce the categories of persons entitled to receive services.
5895. In the event any provisions of Part 3 (commencing with Section 5800), or Part 4 (commencing with Section 5850) of this division, are repealed or modified so the purposes of this act cannot be accomplished, the funds in the Mental Health Services Fund shall be administered in accordance with those sections as they read on January 1, 2004.
5897. (a) Notwithstanding any other provision of state law, the State Department of Health Care Services shall implement the mental health services provided by Part 3 (commencing with Section 5800), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850) of this division through contracts with county mental health programs or counties acting jointly. A contract may be exclusive and may be awarded on a geographic basis. As used herein a county mental health program includes a city receiving funds pursuant to Section 5701.5
- (b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of such mental health services. The agreement may encompass all or any part of the mental health services provided pursuant to these parts. - through the annual county mental health services performance contract, as specified in Chapter 2 (commencing with Section 5650) of Part 2 of Division 5.
- (d) When a county mental health program is not in compliance with its performance contract, the department may request a plan of correction with a specific time-line to achieve improvements.
 - (e) Contracts awarded by the State Department of Health Care Services, the California Mental Health Planning Council, the Office of Statewide Health Planning and Development, and the Mental Health Services Oversight and Accountability Commission pursuant to Part 3 (commencing with 5800), Part 3.1 (commencing with 5820), Part 3.2 (commencing with Section 5830), Part 3.6 (commencing with Section 5840), Part 3.7 (commencing with Section 5845), Part 4 (commencing with Section 5850), and Part 4.5 (commencing with Section 5890) of this division, may be awarded in the same manner in which contracts are awarded pursuant to Section 5814 and the provisions of subdivisions (g) and (h) of Section 5814 shall apply to such contracts.
 - (f) For purposes of Section 5775, the allocation of funds pursuant to Section 5892 which are used to provide services to Medi-Cal beneficiaries shall be included in calculating anticipated county matching funds and the transfer to the State Department of Health Care Services of the anticipated county matching funds needed for community mental health programs.
5898. The State Department of Health Care Services, in consultation with the Mental Health Services Oversight and Accountability Commission, shall develop regulations, as necessary, for the State Department of Health Care Services, the Mental Health Services Oversight and Accountability Commission, or designated state and local agencies to implement this act. Regulations adopted pursuant to this section shall be developed with the maximum feasible opportunity for public participation and comments.

SECTION 16 of Proposition 63

The provisions of this act shall become effective January 1 of the year following passage of the act, and its provisions shall be applied prospectively.

The provisions of this act are written with the expectation that it will be enacted in November of 2004. In the event that it is approved by the voters at an election other than one which occurs during the 2004-05 fiscal year, the provisions of this act which refer to fiscal year 2005-06 shall be deemed to refer to the first fiscal year which begins after the effective date of this act and the provisions of this act which refer to other fiscal years shall refer to the year that is the same number of years after the first fiscal year as that year is in relationship to 2005-06.

SECTION 17 of Proposition 63

Notwithstanding any other provision of law to the contrary, the department shall begin implementing the provisions of this act immediately upon its effective date and shall have the authority to immediately make any necessary expenditures and to hire staff for that purpose.

SECTION 18 of Proposition 63

This act shall be broadly construed to accomplish its purposes. All of the provisions of this Act may be amended by a 2/3 vote of the Legislature so long as such amendments are consistent with and further the intent of this act. The Legislature may by majority vote add provisions to clarify procedures and terms including the procedures for the collection of the tax surcharge imposed by Section 12 of this act.

SECTION 19 of Proposition 63

If any provision of this act is held to be unconstitutional or invalid for any reason, such unconstitutionality or invalidity shall not affect the validity of any other provision.

SECTION 1 of AB 100, Chapter 5, Statutes of 2011

- (a) The Legislature hereby finds and declares that the statutory changes in this act are consistent with, and further the intent of, the Mental Health Services Act. These specified changes are necessary to adequately fund essential mental health services that would otherwise be significantly and substantially reduced or eliminated absent this temporary funding support.
- (b) Further, it is the intent of the Legislature to ensure continued state oversight and accountability of the Mental Health Services Act. In eliminating state approval of county mental health programs, the Legislature expects the state, in consultation with the Mental Health Services Oversight and Accountability Commission, to establish a more effective means of ensuring that county performance complies with the Mental Health Services Act.
